CORNER OFFICE

CORNER OFFICE

Today, every place is a workplace. Due to the constantly changing landscape of work, often our own offices can be as inconvenient, uninviting and distracting as anyplace else.

Corner Office is designed to enhance the flexibility and efficiency of today's open plan workplace by defining personal space in these dynamic environments. Corner Office contributes to motivation, efficiency and well-being; providing visual privacy, sound reduction, task lighting, and desktop power.

Corner Office represents a new type of product for productivity. Corner office is systemic and flexible, offering various degrees of privacy and power provision.

CORNER OFFICE LIGHT

CORNER OFFICE 15

CONFIGURATIONS

Corner Office Light can be used alone as a minimal, space-efficient table lamp containing multiple device-charging ports. Corner Office 15 integrates the light with a semi-private acoustical corner panel, and Corner Office 30 incorporates a larger panel with all the features necessary for head down, intensive work and added privacy. Corner Office can be used independently, as light groupings, or as panel + light configurations.

Corner Office System Panel*

Offers full privacy coverage for benching solutions up to 66" (168 cm) wide desks.

33.5" (85cm)

*Special Order: System Panel available upon request.

CORNER OFFICE

DESCRIPTION

Corner office is systemic and flexible, offering various degrees of privacy and power provision. The system comprises of three elements: a glare-free, fully dimmable LED corner task light that incorporates power ports featured in its armature; a set of optional acoustic deterrent fabric panels; and an optional pocket accessory that provides a place to store a phone or tablet, keeping things clutter-free. Easily reconfigurable, the system is light weight and easy to assemble and install.
